

Platform Basket

15.75 Spider Lift

Platform Basket 15.75 Spider Lift

An extremely compact spider lift for the most difficult applications.

Expands to 1060mm for extra stability and stands taller for extra off-road clearance.

Reduces to only 780mm wide and lowers to 1909mm height for narrow access.

Platform quickly and simply detaches with only one pin for accessing very tight locations.

Total package weight with heavy duty gal. steel trailer: 2590kg

Can be set up whilst still on the trailer saving time unloading.

STANDARD FEATURES

- Emergency Hand Pump
- Lockout valves on all lift cylinders
- Hour meter
- Stabilizers/booms interlock
- Weight limiting system
- Black rubber tracks
- Mechanical expanding tracks

OPTIONAL EXTRAS

- Non-marking tracks
- Trailer
